

Garden Obelisks

Plant Support / Obelisks & Trainers

- Contemporary enhancement to your garden
- Provides durable support
- Quick and easy to set up
- Use against walls or back to back

A STYLISH ADDITION TO ANY GARDEN

Whites Garden Obelisks provides contemporary design to enhance your garden. They are ideal for climbing plants, vines and flowers. Use them against walls and fences or placed back to back for a dramatic garden centre-piece.

It provides durable support for long-stemmed and climbing plants and is quick and easy to set up; the spiked feet fix securely into the soil.

Available in two styles and heights; Riviera in 110cm and Parisienne in 150cm.

Code	Product Description	Size
