

Mini Mesh

Fencing Solutions / Panel Mesh

- Made from medium tensile galvanised wire
- Wires are cut flush on all sides for easy handling
- Handy size - 900mm x 600mm

HANDY SIZE, MINIMAL WASTE

Whites Mini Mesh is a robust welded steel panel manufactured from medium tensile galvanised wire. The 50mm aperture version is ideal for trellis, security applications and compost bins.

Featuring flush cut edges and handy panel size of 900mm x 600mm so there is little or no cutting and minimal or no waste on most jobs.

The Mini Mesh range is great for pet, garden and DIY projects. The panels can be used to make small cages and aviaries, security grilles and wall grates. Available in four types: 12.7mm x 12.7mm, 25mm x 25mm, & 50mm x 50mm apertures in galvanised finish, and 25mm x 25mm aperture in Black.

| Code | Product Description | Wire dia. |
|-------|----------------------------------|-----------|
| 21812 | Mini Mesh Panel - 12.7mm | 1.50mm |
| 21813 | Mini Mesh Panel - 25mm | 2.20mm |
| 21814 | Mini Mesh Panel - 50mm | 3.00mm |
