PLANT WHAT YOU WANT, WHERE YOU LIKE!

Garden Up Mix'n'Match gives you the freedom to grow your plants anywhere.

Turn any wall, fence or vertical space into a living, growing Green wall or edible garden. Personalise your backyard or balcony with your choice of edible crops such as strawberries, herbs, salad leaves or an attractive floral display.

With a choice three classic hooks, Whites Garden Up Mix'n'Match Classic Pot can be mounted on all substrates including walls, fences, slat screens and wire frames. For hanging on a wire frame, use [Garden Up Mix'n'Match Mesh Grid](#) as an easy, effective solution. Simply add more vertically or horizontally to expand your living Green wall.

It features water-smart design with an integrated saucer to prevent over-watering and conserve excess water.

Handy Hints:

- Use a premium quality potting mix (Australian Standards logo with four ticks) and water regularly.
- Depending on your plants, it's best to maximise the amount of natural light by positioning the plants in a sunny, north facing position.
- Always ask your gardening expert for the best plant varieties to suit your region and time of year.
