PLANT WHAT YOU WANT, WHERE YOU LIKE!

Garden Up Mix'n'Match gives you the freedom to plant what you want, where you like.

Turn any wall, fence or vertical space into a living, growing Green wall or edible garden. Personalise your backyard or balcony with your choice of an attractive floral display or edible crops such as strawberries, herbs and salad leaves.

Whites Garden Up Mix'n'Match Terrace Pot can be mounted on wire frames or trellises. For hanging on a wire frame, use [Garden Up Mix'n'Match Mesh Grid](#) as an easy, effective solution. Simply add more vertically or horizontally to expand your living Green wall.

It features water-smart design with an integrated saucer to prevent over-watering and conserve excess water.

For the complete range of Garden Up Mix'n'Match Hooks for your pot, click [here](#). Compatible hook: 18100 on wire frames.

Handy Hints:

- Use a premium quality potting mix (Australian Standards logo with four ticks) and water regularly.
- Depending on your plants, it's best to maximise the amount of natural light by positioning the plants in a sunny, north facing position.
- Always ask your gardening expert for the best plant varieties to suit your region and time of year.
