

Slug Protection Ring

Outdoor Essentials / Pest Deterrents

- Stop slugs & snails
- Pet & child-friendly
- UV stabilised

PROTECT PLANTS FROM SLUGS AND SNAILS

Whites Slug Protection Ring protects seedlings against pests such as slugs and snails with its inverted sides. It is pet and child-friendly; simply place it around seedlings, no need for harmful pellets.

Its UV stabilised green translucent colour blends in with your crops. Made from PET material, the top ring diameter measures 250mm including collar whilst the bottom ring diameter is 140mm. Available in packs of 5.

Code	Product Description	Size
