

Tubular Fibre Glass Stake

Plant Support / Plant Stakes

- Durable & strong
- Corrosion-proof & lightweight
- Resists rust, rot & splitting

PROMOTES MAXIMUM PLANT GROWTH

Whites Long-Life Tubular Fibre Glass Stake provides excellent plant support.

Extremely durable; it won't rust, rot, split, freeze or peel like paint.

It is corrosion-proof and lightweight and the smooth thin plastic layer prevents splinters when installing.

Strong - it allows movement and sway in windy conditions.

Code	Product Description	Tube size	Length
